SIR

In submitting herewith an extract of the proceedings of the Committee for the management of the Industrial School, Mysore, which was held on the 24th of August 1906, I have the honour to state that the teaching staff for the Carpentry and Drawing classes requires to be strengthened. There are 77 pupils in the Carpentry classes, besides the 75 pupils of the Engineering School who attend this section. In the Drawing classes the number of pupils coming for instruction at a time amounts to 130 boys

Thus 4 instructors at least are required for the Carpentry classes and additional pupil teachers and assistants for the Drawing Section. I therefore request that Government may be pleased to sanction the proposals of the Committee at their early commencement. A Statement showing the present and the proposed scale is enclosed. The proposals involve no additional cost to Government.

I have the honour to be,

Sir,

Your most obedient servant,

J. Wein

Ag. Inspector General.
